Careers Education Years 7-10

Dear Parent/Carer,

At King's Norton Boys' School, we are committed to developing your son's full potential so that when he leaves us in Year 11 he is fully equipped with the knowledge, skills and attributes to enable him to make informed decisions about his future.

Encouraging students to begin thinking about their future early on is an important step on their journey towards becoming autonomous young men, which is why this term we will be delivering a series of age-appropriate sessions, during our Friday PSHE lessons, to students in years 7-10, aimed at developing their understanding of how to prepare for their future, and broadening their understanding of what their post-16 choices are.

We will be encouraging your son to discuss what he has learnt with you, and maybe even to do some further research if he so wishes. Your support with this would be hugely appreciated. You can find out more about the programme of learning for each year group on our website via About Us/Statutory Information/Careers Access Statement.

Furthermore, in the summer term, we would like to provide a programme of visiting speakers to inform and enthuse our students about the range of careers that are on offer to them. If you, or someone you know, would be interested in taking part in this programme, please register your interest via the reply slip below, to be returned by Friday 18th January.

If you have any questions regarding the careers provision in school, or about our programme of visiting speakers, please do not hesitate to contact me at the address below.

Yours faithfully,

Vanessa Bartlett
Head of Communications Faculty
Senior Middle Leader
Careers Leader
