

King's Norton Boys' School

HUMANI SEMPER CONTENDIMUS

April 2021

Dear Parent/Carer,

I am delighted that you have accepted a place for your son at King's Norton Boys' School for September 2021.

We would normally be writing to you at this time to invite you to our induction day, early in July. However, due to the current situation regarding the Coronavirus pandemic, we cannot provide you with a definite date for when this might take place at this moment. Nevertheless, we are still committed to ensuring that we provide an effective transition to secondary school for all the boys joining us in year 7, although this will most likely be different from in previous years.

We are very keen that you get to know us before your son arrives in September. To start this process, you may like to visit the 'About Us' section on our website, www.knbs.co.uk, where you will find details of our ethos, values and aims, as well as information you may find valuable, including a range of documents which help understand how things are organised. This is only a starting point, and we will build upon this during future induction events.

It is vitally important that we also get to know your son. We would, therefore, like your son to complete the Transition Booklet that is enclosed in this pack. This contains a range of activities that will not only support our ethos and values but will also give your son opportunities to think about his future at KNBS and for us to know a little bit more about him. There is plenty of time to do this, and hopefully it will help distract him from the current situation. We plan to ask him to bring it with him to any future induction events.

We fully understand the importance of these events for ensuring that your son feels prepared for joining us in September. While we cannot guarantee that these events will take place as we had originally planned, we can reassure you that as soon as we are able to, we will be inviting you and your son into school to ensure that you all feel ready for this important next step in your son's education.

Now, more than ever, it is vital that we are able to contact you and keep you informed; we often use a text messaging and email service to send out messages and key information so please do ensure that you complete the enclosed Confidential Information Form and return it to us, along with other requested information in the envelope provided.

Yours faithfully,

Mr D Clayton
Headteacher
